Uvest Technical Services is a comprehensive solution provider for all your security needs. Specialising in a range of cutting-edge technologies, including CCTV & Alarm Security Systems, Biometric Security, Electric Fencing Installations, Intercom Systems, and 24-hour Control Rooms, we offer a holistic approach to safeguarding your premises.

CCTV & ALARM SECURITY SYSTEMS

Elevate your security measures with our cutting-edge CCTV solutions. Our advanced surveillance systems provide round-the-clock monitoring, ensuring comprehensive coverage and deterrence against potential threats. Our team will install a customized CCTV system tailored to your specific needs, empowering you with real-time video monitoring and enhanced security for your home or business.

We offer a variety of surveillance camera options to meet the needs of your business, including:

- Indoor cameras
- Outdoor cameras
- Dome cameras
- PTZ (pan-tilt-zoom) cameras
- Wireless cameras
- Smart camera with AI technology
- Alarm monitoring

BIOMETRIC SECURITY

Uvest Biometric Security products offer unique biological characteristics such as fingerprints, iris patterns, or facial features to authenticate and grant access to secured areas or systems. This advanced technology offers a highly secure and reliable method of identity verification, mitigating the risk of unauthorized access and enhancing overall security measures.

ELECTRIC FENCING

As the demand for enhanced security escalates in Cape Town, Uvest Electric Fencing offers a vigilant solution. With its constant vigilance, the electric fence serves as a solid deterrent, equipped with a siren and strobe light warning system to immediately alert of breaches. This physical barrier delivers a powerful electric shock to trespassers, backed by a battery backup system for uninterrupted protection, ensuring peace of mind for homeowners.

Uvest Security utilizes SABS-compliant energizers and stainless steel 316 marine-grade wire for our electrified fence installations, all in conformity with strict legislation as outlined in the Government Gazette.

CONTROL ROOM

Uvest Access Control Room is our central hub for monitoring and managing access points, staffed by trained professionals and equipped with cutting-edge technology. Operating 24/7, it ensures real-time oversight and swift response to security events, providing clients with peace of mind.

UVEST SECURITY FENCING SERVICES

In today's dynamic environment, we understand the importance of security for your business or property. That's why we provide durable and reliable security fences that stand up to any challenge. With a range of customizable options available, you can rest assured that your property will be protected to your specific needs.
